

The Medical Loan Closet is a resource we should all know about, even before the need arises. This non-profit organization has been providing durable medical equipment to residents of Henderson County and the surrounding area for more than 57 years.

Beyond cost savings, the loan closet provides a caring, responsive and compassionate environment which greatly reduces stress for the patient, family and caregivers. A partial list of equipment includes hospital beds with side rails, patient lifts, wheelchairs, crutches, canes, walkers, toilet and tub support rails and so much more.

Contact them at 828-696-9005 or email them at medicalloancloset@att.net
